Objective

To secure a challenging position where I can utilize my technical skills in electrical work, gained through ITI training and apprenticeship at KSEB, along with my knowledge in computer engineering and proficiency in MS Office, to contribute effectively to the growth of the organization while enhancing my professional development.

Experience

- Kerala State Electricity Board** 10/03/2023 - 09/03/2024
Apprenticeship Trainee – Kerala State Electricity Board (KSEB)
Gained practical exposure to troubleshooting and safety procedures.
- Nexus Technologies, Kozhikode** 10/05/2025 - 07/06/2025
Intern – Nexus Technologies, Kozhikode
 - Worked on Python Django framework for web development projects.
 - Supported team in IT-related tasks and gained exposure to real-world project workflows.

Education

- GR32000672-GOVT. ITI PINARAYI, PINARAYI P.O, KANNUR-670741** 2022
ELECTRICIAN (NSQF)
921/1300
- E K Nayanar Memorial Model Polytechnic College Kallyassery** 2026
DIPLOMA IN COMPUTER ENGINEERING
CGPA 7.65

Skills

- Proficient in Computer Programming and Software Development.
- Skilled in MS Office (Word, Excel, PowerPoint) for documentation and reporting.
- Skilled in Computer Assembling, Hardware Configuration, and Troubleshooting.
- Strong Problem-Solving and Analytical Skills.
- Basic knowledge as an Electrician through ITI training and KSEB apprenticeship.

Projects

- College Website Development**
 - Developed a responsive college website using HTML, CSS, and JavaScript.
 - Designed web pages for student details, course information, and announcements.
 - Worked in a team environment, contributing to both front-end design and interactive features.
 - Gained hands-on experience in web development, teamwork, and problem-solving.
- Smart Face Recognition Attendance System**
 - Engineered a touchless biometric system using Raspberry Pi 4 and the LBPH algorithm for real-time facial recognition.
 - Developed AI-driven detection modules using Python and OpenCV to automate student identification and logging.
 - Integrated hardware alerts via GPIO-triggered buzzers to provide instant confirmation for recorded attendance.
 - Automated record management by designing a system that logs timestamps directly into a CSV database.
 - Created a Python-based GUI for streamlined user registration, model training, and attendance tracking.

Languages

- Malayalam - Read, Write, Speak
- English - Read, Write
- Tamil - Speak

Personal Details

- Date of Birth : 16/04/2002
- Marital Status : Single
- Nationality : Indian
- Gender : Male
